Making Everlasting Memories® | www.MeM.com

A young boy in high school  
Sports clearly his driving force  
Competed with great passion  
Steering a steady course.

Graduating with memories  
Moved this young man to plan  
A future in a uniform  
Protecting domestic and foreign lands

A proud Marine, strong and tall  
Quietly served his country with pride  
He was a son, brother, uncle and friend  
The day this young man died.

We all mourn his passing,  
Whether we knew him or not.  
For he was An American Soldier  
He gave more than we got.

Rest peacefully, brave soldier  
Protecting us your driving force  
You served us with great passion,  
Steering a steady course.

With gratitude,  
Joe and Rasa Baker Family
